

FACE UP TO AUTUMN

How to deal with sun damaged, dry, dull complexions, retain an after summer glow and banish dark pigmentation spots.

Lazy summer days blue skies and summer living have transformed into the cooler days and golden shades of autumn. You need to enhance your skincare regimen to suit the climate changes so "face up" to Autumn before the leaves start to fall.

Summer exposure has had its toll on your skin and it's essential to rid yourself of those dull surface cells.

Peel Away: The best way to start your autumn skincare regimen is to peel away your sun damaged skin. You can go it alone with an excellent home peel **DR BAUMANN Peeling light, medium or strong** that will remove dull, dead surface cells, regenerate the skin and support your regular skincare **or** you can visit your beauty salon for a professional **DR BAUMANN AHA Fruit Acid Peel**. This more intense peel will cause the upper layers of dead cells to peel away, refine lines and wrinkles leaving a youthful, fresh, radiance.

Address sun damage with the **DR BAUMANN Multi Active Vitamin E&C** that contains an extremely high concentration of skin defending vitamins geared to treat environmental /sun damage as well as to hydrate a parched end of summer skin.

Tan on: Keep that summer glow safely by applying the **DR BAUMANN Self Tanning Lotion**, a light pleasant emulsion **FREE** of chemical ingredients for an absolutely natural tan with or without the sun all year long.

Lighten up: For those of you who suffer from hyper pigmentation (dark spots) that appeared on your skin in the summer months and look ready to stay through autumn, reach for the **DR BAUMANN Bleaching Cream**. It will lighten pigmentation spots in a safe way and protect further darkened areas from appearing on the face.

Hydra Force: Summer caused the appearance of fine dry lines and wrinkles as a result of excessive sun exposure, so pump up the moisture content in your skin with a **DR BAUMANN MultiActive Liposome** guaranteed to increase your skins moisture content by **100% in just 7 days!** Cover up with a richer textured protecting cream for the upcoming winter cold. We recommend **DR BAUMANN Sensitive Cream** or your perfect cream from the **Intensive range**. Check out the one that suits you.

Sunscreens: The weather may not be as hot as it was but the sun still shines with relative intensity so you need to keep your UV defence up high. Use **DR BAUMANN Sun Lotion Factor 20**, it's completely **CHEMICAL FREE!**

Avoid a complete cover up: Ban dry, rough skin on your body. Apply the **DR BAUMANN Body Lotion Super** a miracle of Ceramides, Liposomes and Hyaluronic Acid that completely re-hydrates your body. **Your skin feels and looks measurably hydrated within just 7 days.** Don't forget to do a total body peel with the **DR BAUMANN Peeling mild or the DR BAUMANN Mineral Sea Peel Oil** from the SPA Line. It will give you a luxurious treating peel and feel and the sea salt will revitalize your skin leaving it soft, smooth and ready for a spoiling body lotion.

Wonder cure for severe Acne conditions and impurities Dr BAUMANN Tea Tree Essential oil and DR Baumann MultiActive Liposome Tea Tree will control excessive sebum production and purify infected skins. Go with a glow into autumn.

Take a cut: Get rid of dry ends and lack luster hair with the **DR BAUMANN Hair Revitalising Lotion**. It will repair your hair, treat your scalp and encourage hair growth. Trim your split ends once a month at your favorite stylist.

De-toxing if you want a well moisturised skin you need to boost your water and liquid intake. This will flush out toxins and help to support a healthy beautiful skin

Eat loads of fruits and vegetables. Autumn is favorable in this respect and you should take advantage and consume as many fresh products as possible – in winter you won't be able to do so. Pears, Apples, Grapes, Cabbage, Carrots, Blackberries and all the rest that ripen in Autumn are a great way to get essential vitamins, minerals and micro elements that guarantee a radiant, healthy skin all over.

Start your autumn with style
