

**Say it with red hearts and ribbons. Spread a little beauty and good feelings everywhere.**

February brings thoughts of Valentines Day, of hearts and flowers and red ribbons. Today it **celebrates love in all its forms** and is not restricted to romantic love. People exchange cards and gifts with parents, siblings, cousin's friends, colleagues and in present times this day has assumed a secular and global flavour, being celebrated by peoples of all races, religions and ages. **It is a joy filled time for everyone to share.**

Inspired by Valentines Day, **Point of Skin** and **Dr Baumann Cosmetics** have decided to introduce a **RED HEARTS & RIBBON MONTH** creating a new tradition of **community awareness** and **caring** with the focus on **healthy families** through good nutrition and **safe skincare**.

Looking at you family and friends and your skincare choices, taking informed decisions about how you care for your skin and that of your family means finally voting for **Bionome** skin solutions. **Being Bionome** is the **only** answer for everyone who is concerned about and respects the environment and who cares about **healthy skincare** for themselves and their whole family. Talking is one thing, adopting the **Bionome** principles is a true act of **commitment** and **support** for **healthy beauty**.

**Point of Skin** and **Dr Baumann Cosmetics** have chosen to make a stand for safe skincare and have embraced the **Bionome** concept in everything they do. In fact **Dr Baumann Cosmetics** is the only **BIONOME** Company in the world today.

**What does Bionome mean?**

**It means beauty products that are:**

- Free of Chemical Preservatives
- Free of Colorants
- Free of Ingredients of Animal Origin
- **Skin compatible** and **skin identical** products.
