

A Legacy of Courage... Celebrating Women's Day

DR BAUMANN South Africa joins women everywhere in celebrating their remarkable achievements both past and present.

We pledge to represent society's rights and indeed women's rights to expect to use healthy Bionome skin care that is skin compatible or skin identical, respectful to every person who uses the products and respectful of animals and our wonderful but threatened environment. We promise to educate every woman regarding defining safe healthy skin care for her and her family. **It is our right as women to be informed.**

Be Healthy and Beautiful

In this proud time for women everywhere we invite you to visit your favourite Dr Baumann beauty salon/ spa or nearest Point of Skin outlet to enjoy **irresistible Woman's Day skin care offers, "spoiling" treatments** and to update yourself on the latest news and views on safe skin care. Find out exactly what ingredients in your cosmetic products are really **healthy and effective** and what ingredients are to be avoided.

*Women through
the ages...*

Shocking Information

- An astonishing **one-third** of all products contain one or more ingredients classified as possible **human carcinogens**.
- **Parabens (chemical preservatives)** and chemical sunscreens in cosmetic products have been proven to **age the skin 300% faster**.
- Chemical sunscreens were found in **75% of samples** that were taken from **mothers milk** resulting in a negative effect on new born babies immune systems.
- Severe hormonal changes are thought to take place as a result of these chemical sunscreens influencing the babies' growth and development.

It's invaluable knowledge for every woman and her family. Be empowered, be informed, it is your right!

Your personal guarantee from DR BAUMANN Bionome Cosmetics; A visibly more beautiful skin in just 3-5 weeks!
